AL ELITE

FREE CHECKLIST · LOWER CREDIT SCORES

HVAC Financing Approval Checklist

Shrink the amount you need, prepare your credit, strengthen the application and spot the offers to avoid, with fillable worksheets for each step.

INSIDE

- Shrink-the-number calculator
- Co-applicant and documents
- Offer comparison table
- Credit prep checklist
- Offers to walk away from
- Plan B options

alelitefinancing.com · (888) 968-0079

AL Elite Financing is a matching service, not a lender. This resource is general information, not legal, tax, insurance or financial advice.

Shrink the number first

With lower credit, the most effective move is to need less money. Smaller requests are easier to approve and cheaper to carry.

- [ ] Technician confirmed it's a replacement, not a repair (ask to see the failed part)
- [ ] Two or three quotes on the same tonnage and efficiency
- [ ] Load calculation (Manual J) done, so the system isn't oversized
- [ ] Compared standard vs high efficiency on total cost, not just the sticker
- [ ] Checked utility rebates for qualifying equipment
- [ ] Checked the Weatherization Assistance Program (energy.gov) if income-eligible

A	Lowest sensible quote	
B	Rebates and credits	
C	Down payment from savings	
D	**Amount to finance = A − B − C**	

Credit prep

Pull your free reports at AnnualCreditReport.com (the official site) and note what you see.

CURRENT SCORE (APPROX.)

BUREAU(S) CHECKED

ERRORS FOUND TO DISPUTE

CARD BALANCES ABOVE 30% OF LIMIT

Paying these down helps

- [ ] Disputed any accounts that aren't mine or are reported wrong
- [ ] Paid a card balance below 30% of its limit before the next statement
- [ ] Gathered proof of all income (pay stubs, benefits, side income)
- [ ] Avoided new hard inquiries while shopping

Soft pull first

Check options with lenders that use a soft inquiry before any formal application. Scattering hard applications in a panic lowers your score and your chances.

Strengthen the application

Co-applicant

A spouse or family member with stronger credit and income on the application can open better offers. They share full responsibility for the loan.

Down payment

Even a few hundred dollars reduces the amount and signals commitment.

Realistic term

A payment that fits reduces the lender's worry about missed payments.

Complete documents

ID, pay stubs or bank statements, the contractor's quote. Complete applications get faster decisions.

CO-APPLICANT NAME (IF ANY)

THEIR RELATIONSHIP / CREDIT STANDING

INCOME SOURCES TO DOCUMENT

Offers to walk away from

- [ ] 'Guaranteed approval' or 'no credit check' on a large amount
- [ ] No clear APR, fees or total repaid in writing before signing
- [ ] Rent-to-own or lease-to-own HVAC where total payments far exceed the price
- [ ] Any upfront fee to 'secure' a loan
- [ ] Pressure to sign today; a good contractor will hold a quote for a day

Compare the offers you do get

Offer	APR	Term (months)	Monthly	Total repaid	Fees
Contractor plan					
Lender 1					
Lender 2					
Lender 3					

If financing doesn't come together

Repair to buy a season
If a reputable technician says it's safe, a repair can buy time to improve your credit.

Energy and weatherization assistance
Community action agencies and utilities run programs for eligible households; apply through your state.

Warranty check
If the failed part is still under manufacturer warranty, the repair may be much cheaper.

Contractor payment plan
Some HVAC companies offer in-house plans on smaller amounts.

PLAN B NOTES

Ready to compare HVAC financing?
